

# Centering Black Youth Wellbeing

A Certificate on Combatting Anti-Black Racism

**THIS ONLINE CERTIFICATE** provides the Ontario youth sector with the foundational knowledge to cultivate practices, policies and alliances that challenge, disrupt and combat systematic anti-Black racism.

**THE VISION** is that this certificate will support a structural transformation in Ontario's youth sector that centers the wellbeing of Black young people and their families in our individual practices and organizational policies.

## **LEARNING OUTCOMES**

The certificate includes **17 lectures and 2 artistic performance** organized around **four modules**. The lectures will provide you with the knowledge and tools to:

- **ENGAGE** with research on the impact of anti-Black racism on Black youth and their families

- **COMMIT** to ongoing personal, professional and organizational accountability

## **FIVE UNDERSTANDINGS OF ANTI-BLACK RACISM THAT GROUND THIS CERTIFICATE**

- 1 ANTI-BLACK RACISM** is REAL and leads to a lack of equitable access, opportunities, and outcomes for Black people. The consequences of this lack of equitable or fair access have been well documented by extensive research that show disparities in outcomes for Black youth and their families.
- 2 AN ACKNOWLEDGMENT** of the historical roots of present-day manifestations of anti-Black racism.
- 3 IF WE ARE TO** build communities where Black youth can thrive, we need to affirm that Black Lives Matter, that the futures of Black youth matter, and that showing up for Black youth wellbeing is a shared responsibility.
- 4 THE EXPERIENCES** of Black youth are multi-layered and class, gender, ethnicity, sexuality, and other social identities are intersectional and therefore cannot be separated from one another.
- 5 CENTERING THE WELLBEING** of Black youth and communities in our work in Ontario's youth sector requires ongoing personal, professional and organizational accountability that will extend beyond this certificate (and any other training).
